Water Main Replacement Group Job 3008: E-Newsletter #19| Dec. 7, 2009

This is the 19th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of December 21, 2009.

Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

Contact Information:

Water Department's 24-hour Emergency Services Hotline:

General FAQs:

www.sandiego.gov/engineering-cip

Construction crews install 16" diameter pipe along N. Harbor Drive.

Upcoming Construction Activities

During the weeks of Dec. 7 & 14, construction will occur as follows: (See map)

Group Job 532: Traffic Control/Work Hours:

Nov. 25 through Jan. 1 construction activity will be limited due to the holiday moratorium.

Day Work

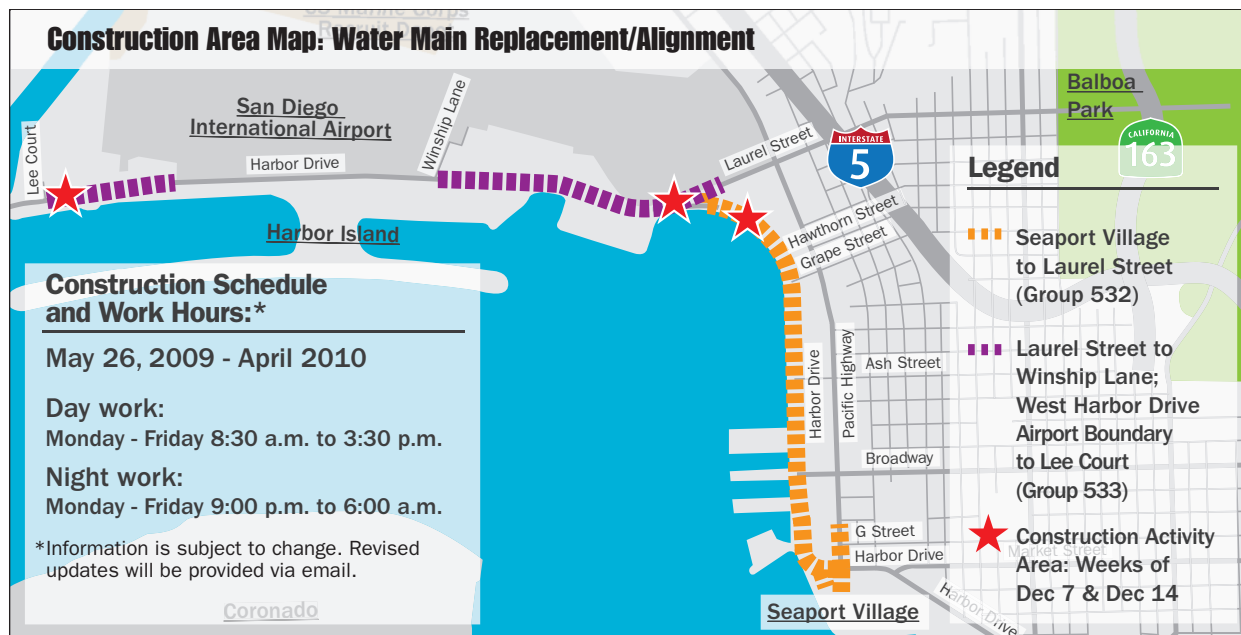

- Continue lateral installations from Laurel Street going south to Grape Street.
- Place permanent concrete trench along N. Harbor Drive beginning at Grape Street heading north towards Laurel Street.

Group Job 533: Traffic Control/Work Hours:

During construction work hours, occasional road closures may occur.

Night Work

- Continue installation of 16" diameter pipe along N. Harbor Drive just west of Laurel Street heading towards Winship Lane, and at Lee Court heading east along Harbor Drive.

"Working together to engineer a better tomorrow."
